Xtratuff Insulated Steel Toe Knee Boot

\$189.99

Seamless construction is 100% waterproof to keep workers feet dry and comfortable. Built-in polymeric foam insulation provides added warmth. Chevron outsoles provide excellent traction to reduce injuries from slip or fall hazards. Removable insoles and durable fabric linings provide shock absorption and wick away moisture to keep workers feet dry and comfortable. Neoprene is highly resistant to many organic and inorganic acids, chemicals, and contaminants, prolonging the life of the boot and keeping workers free of harmful irritants. Built-in 1/4 in polymeric foam insulates down to -10 deg F

AVAILABLE IN SIZES 7-14

FISH CREEK SALES: 1-800-446-2611, www.fishcreek.biz

REMOTE STEERING

Teleflex Quick Connect, Rotary system, quick response, 3.8 turns lock to lock, standard 3/4" tapered steering shaft. Good choice for outboard applications where stability and flutter are not a problem. Complete Steering System: Includes helm, cable, and 90° bezel. Available in 1 - ft. increments from 8-20 ft. * Bolt-in replacement for Morse, Teleflex, OEM and other steering systems with no new holes to drill.

* Quality cable with stainless output ends.

* Quick and easy to install.

* Wheel included

Part No. SS137-(Lgth. 8-20') Note: this item is being discontinued and will be replaced by the comparable Teleflex brand system.

\$269.95

Order wheel separately

Teleflex No Feedback Steering System

No Feedback Steering System, 4.2 turns lock to lock, the no feed back system buffers steering loads. Uses Uflex Quick Connect cable, standard 3/4" taper steering shaft and minimal clutch play. Complete Steering System: Includes helm, cable, and 90° bezel. Available in 1 - ft. increments from 10-20 ft. Wheel not included. Order steering wheel separately below. Bolt-in replacement for Morse, Teleflex, Uflex, OEM and other steering systems with no new holes to drill.

* Quality cable with stainless output ends.

* Quick and easy to install.

Part No. SS147-(lghth. 12') 4.2 turns

Other lengths add/subtract \$3.00 per foot

Separately

\$439.95

Teleflex Baystar Hydraulic Steering System

BayStar allows you to install all of the safety, reliability and comfort of hydraulic steering onto your boats rated up to MAX. 150HP as rated by the engine manufacturer. Combine this with the superior SeaStar Solutions design team, rigid ISO quality control and teamed with the finest materials and precision manufacturing—BayStar continues the tradition bringing comfort and safety to boating.

BayStar is NOT recommended in applications with high steering effort (i.e. such as those using high performance engines or boats capable of attaining high speeds), customers should consider upgrading the system to SeaStar/SeaStar Pro steering. This will reduce the steering effort due to the fact that SeaStar steering provides more output power resulting in lower steering effort

Features

- Patented No FeedBack™ Steering lock valves.
- 5 turns lock-to-lock.
- Up to 150 horsepower (total).
- Available either as separate components or as a complete system ready to install.
- Fixed cylinder.
- BayStar hydraulic tubing cut to suit application.
- Tilt option available.
- Requires 3" (76mm) cut-out hole in dash.
- Requires 21" (534mm) splashwell width.

Includes two lghths. of 20' tubing, two bottles of hydraulic steering fluid and one fill tube for easy fill and purge

How to Measure For Replacement Steering Cable

"B" dimension + 23" = Order Length nearest foot.
Fits all Morse, Teleflex, and Uflex rotary helms
including non-feedback versions. Order in 1 foot
lengths, 6 to 20 ft.

Part No. SSC61(feet) 12 ft. cable.....\$169.95

Add/subtract per foot for other lengths \$1.50

Steering Wheels

13" Black, constructed
of one-piece PVC for
durability, standard
taper. (May look
different than picture)
Part No. V32N....\$53.95

CONTROLS

Replacement Throttle & Shift Control Cables

PART NUMBER	CABLE TYPE	PRICE EACH
CCX633-(FEET)	3300 EXTREME, heavy duty high efficiency cable, Add/subtract per foot for other lengths	12 ft. price \$49.95
CC205-(FEET)	Type 479 cable, Fits OMC control boxes	12 ft. price \$42.95
CCX179-(FEET)	Type 600A Cable, Fits Merc./ Mercruiser control boxes	12 ft. price \$69.95

4-Stroke Outboard Motor Bracket

7-1/2 - 30 hp, 9-1/2" vertical travel, max. 169 lbs. Easier to lift and lower, this auxiliary motor bracket has stainless springs that help counter-balance the motor weight. Item # 71090 \$ 359.95

THROTTLE AND SHIFT CABLE ORDERING INFORMATION:

Order length to nearest foot. If you need 12' cable, last 2 digits of part number would be 12. Example: For Yamaha, 12' length, use # 3300 cable, part number CC172-12. When designing new installations add 2 feet for motor swing.

OMC, Johnson, Evinrude 1979 to present use: CC205-(length)
 Mercury / Mercruiser & '93+ Mariner use: CCX179-(length)
 Honda, Yamaha, Tohatsu, Nissian & Suzuki use: CC172 standard
 or for greater efficiency or longer runs: CC633 EXTREME-(length)
 Call for availability on cables for pre '93 Mariner using Merc controls

SKEGGARD™ by aqua power

\$119.95 for most outboards

Repairs broken skegs and protects new skegs, slips over original skeg or stub of broken skeg and installs in minutes by bolting on. Made from stainless steel. Helps prevent propeller and lower unit damage and costly repairs. Drilling required. Mounting Hardware included.

TEMPRESS ALL WEATHER BOAT SEATS

The Tempress All-Weather Quick Disconnect Seat Shell has been a durable standard for over 25 years. With its bullet proof design and heavy duty construction, these seats might even outlast your boat. Not just durable, but comfortable and functional as well, the Tempress All-Weather seat features a double contoured seat pan that eliminates pressure points. Stainless Steel hinge pins secure the fold down back and included proprietary Quick Disconnect Mount provides for even more functionality. The QD mount allows the seat to swivel on a low profile corrosion proof disk, and can also be removed for storage or to be used in another location in the boat.

FUEL HANDLING

Fuel Pumps

Hand fuel pump, self priming piston. Fits in standard 2" bung. Easy to use with anti siphon feature, Telescoping suction pipe fits in 15 to 55 gal. drums, 8' hose included. Sh. Wt. 14 lbs.

Part No. FR152.....\$269.95

12 Volt Electric Fuel Pump

12 v.d.c. electric fuel pump, uses car battery, with 12 ft. hose, 1/4 hp. Motor, manual nozzle, 22"-40" telescoping suction pipe. Wt. 36 lbs.

Part No. FR1210C.....\$449.95

12 Volt Electric Fuel Pump

110 v. ac electric fuel pump. Explosion proof UL listed 1/3 HP motor (115 VAC-60Hz) with sealed bearings, Heavy Duty switch, thermal overload protection and junction box. Easy removable strainer, automatic bypass valve, 2 in. threaded bung for tank openings with 12" hose and manual nozzle. Does not include wiring or 1" suction stand pipe. 18 GPM capacity. wt. 47 lbs.

Part No. FR700....\$799.99

Telescoping Aluminum suction tube, 1" x 35" long enough for 55 gal drum use with FR700 if using in a drum.

Part No. FIL19099....\$42.99

Goldenrod Filters

Standard or water block, up to 150 psi using standard 1" pipe fittings. Transparent bowl with sediment drain, comes with filter. Order pipe fittings separately. Water block unit will not pass water once bowl is full.

Water block unit,
Part no. 496.....\$59.95

Water block replacement element,
Part no. 496-5.....\$19.95

Adapter Kit
Bushings and fittings to connect Goldenrod filter unit to above fuel pumps.
Part No. ADP-KT....\$22.90

SUPER SIPHON

Super Siphon works with almost all liquids. No more sucking up mouth full of gas. Anti static, can be used to transfer aircraft fuel without danger of sparks. Just move siphon pump vigorously in an up and down motion. Once the flow starts, let Super Siphon do all the work. 1/2" Dia., 6'Hose.

Locktite / Thread lock

Locks and seals nuts and bolts preventing parts from loosening due to vibration. Protects threads from corrosion. Adds 1600 PSI clamping force to threaded assemblies from 40° to 300° F. Medium strength for easier disassembly. Locktite 242 6ml. tube
Part No. 242.....\$8.00
Three bond 1303 high strength, 10ml. Part No. TB1303.....\$16.95

Fiberglass Repair Kits and Resin

Polyester Fiberglass Repair Kits: For fiberglass repair, contains 1 quart resin, 11cc tube of hardener, 1 sq. yard of fiberglass mat plus instructions.

Part No. 370\$98.95

Small kit contains 8 oz. resin, hardener & 3 sq. ft. of fiberglass cloth.
Part No. 637.....\$43.95

J-B Weld

Fine steel in a liquid base hardens to form a steel tight weld. Works on Aluminum boats, Outboard motors, Pumps, Water tanks, Fuel tanks.

Part No. JB8265.....\$7.99

Epoxy

Quick Set Epoxy Fast curing, 4-6 min. Works up to 200°F. Resists most solvents, waterproof, all around use.
Part No. S-208 \$6.00

Permatex Gasket Maker

Non-corrosive gasket material
Fills gaps up to 0.15 degrees
Allows for easy disassembly
Great for split crank cases, water pumps, chain cases and transmission cases.

Part No. 59-9191.....\$29.95

Permatex Anti-Seize Lubricant

-1 oz
-Withstands high temps
-Prevents Seizing and Galling
-Insures removal of spark plugs
-Prevents corrosion

Part No. 59-9196.....\$6.25

Gasket sealants

ULTRA BLUE Silicon gasket material. Oil resistant, low odor, non corrosive.

Part No. 59-9182.....\$12.75

ULTRA COPPER

Pliable, non hardening gasket sealant, resists gas, oil, diesel & antifreeze.

Part No. 59-9192.....\$13.50

High Temp Permatex gasket sealer.

Part No. 26BR.....\$11.95

Marine Silicone Sealants

100% Marine grade silicone, won't turn yellow. Remains flexible from -70° to 480° F. Can be used above or below the water line, 2.8 OZ tube.

Clear: Part No. 82102.....\$14.95
White: Part No. 82101.....\$14.95

TIE DOWNS & ACCESSORIES

Ratchet Tie Down Straps

1" wide weather resistant nylon webbing, heavy gauge hooks, quick release and rapid ratchet to tighten strap. Heavy duty 1800 lb. capacity 12' long.

ATV ELECTRICAL

STARTER MOTORS AND BRUSHES

Starter motors, rebuild kits and replacement brushes for starter motors. Rebuild kits include brushes, bearings & seals. Incomplete listing, call for availability if your model is not shown.

Starter Problem? If you push the starter button and hear only a click then you may have a bad battery. The click noise is the starter relay working. If you have a good battery, you can check the relay and starter by using a screwdriver and touch both the large relay terminals at the same time. The starter should work and your relay is bad. If the starter doesn't work then your starter brushes or starter are probably bad. The starter relay is usually located near the battery with the large positive cable on one bolt and the other bolt has the cable that goes to the starter.

IDENTIFY YOUR HONDA ATV - WHAT THE HONDA LETTER CODES MEAN

TRX MEANS IT IS AN ATV, THE NUMBER IS ENGINE SIZE IN CC, as in TRX500

F = 4X4 (4 Wheel Drive)

T = 2X4 (2 Wheel Drive)

M = MANUAL SHIFT

E = ELECTRIC SHIFT

P = POWER STEERING

A = AUTOMATIC SHIFT

G = STOCK WITH GPS

EXAMPLES:

TRX500FM = 500cc 4X4, MANUAL SHIFT

TRX250TM = 250cc 2X4, MANUAL SHIFT

TRX420FPE = 420cc 4X4, POWER STEERING, ELECTRIC SHIFT

The 10th number or letter in the VIN (Vehicle Identification Number) is the year code:
YEAR DESIGNATIONS - 1 =2001 THRU 9 =2009, A=2010, B=2011 AND SO ON.

Extra plugs, Bag of 50... No. 85-03075.....\$16.95

XB-455 TIRE BEAD BREAKER ATV/UTV

The quality of this tool is exceptional. BeadBuster works to maintain strict quality control, to ensure a final product that will deliver years of reliable use. With the home mechanic and trail rider in mind, it was specifically designed for difficult-to-remove ATV tires, but we soon realized that it worked just as well on just about every kind of tire there is including motorcycle tires. No adjustment is needed for different tire/wheel sizes. It is small, portable, and perfect for stashing in your glove box or toolbox. Save time, money, and frustration by quickly and easily changing your own tires whenever, and wherever you want.

P/N 873000.....\$99.95

TRAILER PARTS

ITP MUD LITE XTR

Industrys first Extreme Terrain Radial tire

- Combines the award-winning technology of Mud Lite and 589M/S to produce the smoothest riding mud tire on the market today
- Super-aggressive tread design features deep, angled, grooved lugs to achieve an exceptional level of traction, 1-1/8" lug
- Radial construction means the Mud Lite XTR rides smoothly and finds more traction than a bias-ply tire because of a larger contact patch - a radial tires footprint actually grows under load
- Light in weight yet still 6-ply tough

ITP XTR

57-5667	25x8-12	\$201.95
57-5668	25x10-12	\$223.95

57-5665	27x9-14	\$246.95
57-5666	27x11-14	\$275.95

MUD LITE XTR

ITP MAYHEM

- Most aggressive mud/trail tire ever
- Features a unique, deep-lug tread design that mocks the nastiest mud holes but still plays nice on harder trail surfaces
- Lightweight carcass construction
- Exceptional acceleration and braking characteristics, balanced cornering qualities make the Mayhem a capable, confident all-round performer
- 6-ply rating
- Distinctive, tribal-inspired, embossed artwork

ORDERING INFORMATION

SHIPPING:

All orders will be sent priority mail. You pay for shipping charges. If you send prepayment with your order call for order total with shipping charges.

PAYMENT AND PRICES:

We no longer ship COD. Send money order or use credit cards or check/debit cards. Call us for your order total and you can get a money order made and after you mail the money order call us with the serial number from the money order receipt and we will immediately process your order.

WE TRY TO KEEP PRICES AS ADVERTISED IN THE CATALOG BUT PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE.

COD:

WE NO LONGER SHIP COD DUE TO THE LARGE AMOUNT OF REFUSED COD'S AND BAD CHECKS THAT WE HAVE RECEIVED FOR COD PAYMENT.

BACKORDERS:

Items out of stock will be backordered and charged to your order so you only have one fee, and we will send the back-ordered item to you as soon as it comes in without any other shipping charges. At times we may hold your order if we have the items in transit for 3-4 days in order to send you the complete order unless you tell us to send what we have and backorder the rest.

RETURNS & EXCHANGES:

All returns must be received with the original invoice and packaging and in an unused, resalable condition for refund within 30 days of invoice shipping date. PROPELLERS MAY BE RETURNED FOR EXCHANGE IF THE PITCH IS NOT PROPER AS LONG AS YOU DON'T DAMAGE THE BLADES OR SCRATCH UP THE FINISH. No returns accepted for special orders or on electrical items. A 15% restocking fee will be charged on all acceptable returns. WE DO NOT REFUND POSTAGE CHARGES ON RETURNS. Items returned for exchange will not be charged a restocking fee. You are responsible for postage both ways on exchanges, except on items that we sent by mistake, then we will pay the postage and credit you against your next order for your cost of the return postage.

SPECIAL ORDERS:

We can order many items or parts that are not in our catalog that we do not stock. We require a 50% deposit on special orders and prepayment before shipping, NO COD, and no returns on special orders.

To help us fill your order please give us as much information as possible:

Make, model and year, engine size, number of cylinders, etc. of machine: _____

NOTE: For chainsaw bars and chain orders we need extra information to get the right chain or saw bars to you. The most important info you can give us is the number on the bottom link (drive link) of the chain and count how many of those drive links there are.
